

Kansas Corn Growers Association 2018 Membership Form

The main priorities for the Kansas Corn Growers Association is full-time industry representation on issues. The association provides producers with a mechanism to speak with a united voice on legislation in Topeka and Washington, DC. Working with National Corn Growers Association, we represent growers on issues including ethanol, farm programs, crop insurance, water quantity/quality and trade policy. We fight regulatory overreach and work to protect grower access to biotechnology and crop protection tools like atrazine. KCGA and NCGA keep members up-to-date through our newsletters and on the web and social media.

FREE SEED: Thanks to the support of numerous seed companies who see the value of membership in KCGA, you'll also see the benefits of joining in your field with a free bag of seed for three-year members. Your membership in KCGA and NCGA provides many additional benefits and services. **See Perks handout or website for participating seed companies.**

New member **Renewing member: Member ID #** _____
