Salad dressing

Salad dressing

Salad dressing

More than 1/3 of all corn grown in the U.S. is used to **FEED** farm animals such as pigs, beef cows, dairy cows and chickens.

Getting from point A to point B sometimes takes a little C (Corn, that is). **ETHANOL** is a high-octane, low-carbon, corn-based fuel that is often blended with gasoline for use in a variety of vehicles.

Corn is commonly used to make dextrin, a binding compound used to help **FIREWORKS** burn properly. Now that adds a whole new meaning to the word "pop"corn.

Corn Pops. Corn Flakes. Corn Crunch. Corn is such an important part of a balanced breakfast, many **CEREALS** put it right in the name.
